new: homework help at ncpl

Whether your elementary school student is stumped by math, struggling with reading or simply needs someone new to help them with their spelling words, the library can help! With funding provided by the North Canton Rotary Club and The Rotary Foundation, as well as the help of several partner organizations and community volunteers, the North Canton Public Library will launch its Homework Help program this October.

What it IS:

- Help with school assignments related to spelling, reading and math for children in grades K-5
- An extra set of ears to listen to a child practice reading
- Someone new to help a child study their spelling words
- Guided educational fun using technology (iPads and other tablets) to practice basic concepts
- Enthusiastic volunteers, ages 13 and older, who are generously giving their time to offer this community service
- One hour per student (4-5 p.m. or 5-6 p.m.) each Tuesday in October, November, February and March
- Incentives for children who join us at least four times
- Pizza and cookies for all children who attend
- Welcome bags full of learning tools for first time attendees
- A new educational initiative in addition to our large variety of educational items available for circulation and our wonderful online learning resources
- Coffee and pastries for parents/caregivers (we need you to remain in the library, but preferably not in the homework center)
- Free! (thanks to The Rotary Foundation)

What it IS NOT:

- Official tutoring or intervention (we can practice areas of need, but are not trained intervention specialists)
- Babysitting (parents must remain inside the library)

Volunteers needed! If you would like to sign up to volunteer with the Homework Help program, please complete the online application at ncantonlibrary.org/homework-help.

British War Children 75th Anniversary

The North Canton Public Library is proud to be one of several partners in this series of programming commemorating the arrival of 84 British children who were brought to North Canton in 1940 by The Hoover Company. The children, whose parents were employees of Hoover Limited in England, ranged in age from 2 to 15 and were brought to Stark County and fostered by local families in order to keep them out of harm's way in war-torn Europe. The children returned home after WWII ended in 1945. This commemorative series of programming is sponsored by Walsh University's Hoover Historical Center with support from Ohio Humanities, a state affiliate of the National Endowment for the Humanities. Any views, findings, conclusions, or recommendations expressed do not necessarily reflect those of the National Endowment for the Humanities.

ncpl in motion brings the world to you!

The North Canton Public Library is committed to delivering library services that extend beyond our physical building. You've likely run into us out and about through the summer or know about our school visitation program, but did you know we deliver materials to assisted living facilities and homebound residents?

How does homebound delivery work?

Library staff members and Friends of the Library volunteers select materials meeting each homebound member's interests and work directly with participants to arrange delivery and pickup times. All overdue fees are waived for this program.

Who qualifies?

1. Any resident of the North Canton City School District who is unable to visit the library due to a chronic illness, disability or temporary physical limitation.
2. Any residents of the six North Canton assisted living facility locations we currently serve (listed right).

Facilities we serve:

- Danbury
- Heritage Villas
- Inn at Whitewood
- St. Luke Lutheran Community
- The Waterford at St. Luke
- Windsor

programs for teens and middle schoolers

Teen Community Service: Helping Hands

This ongoing program begins September 1.

A volunteering record is very useful when submitting college applications, and we can keep an official record for you throughout your high school year. There are opportunities available through the library, but we encourage you to seek additional volunteer initiatives too! Look around your neighborhood and talk to your circle of friends and family. Opportunities are easy to find! Any volunteer work you do can be offered as a member of the NCPL Teen Community Service Volunteers. There are elderly, ill, and overwhelmed families with young children who could use your help. You can babysit, mow yards, help with weeding, walk dogs, shovel snow, and so much more. Before beginning work, please discuss safety, check equipment and note requirements. Two rules apply: you cannot be paid and helping relatives does not count. Send your volunteer information and number of hours you volunteered to emetz@northcantonlibrary.org.

Teen Community Service: Cards for Children's Hospital

Friday, December 18 at 3 p.m.

Artists and compassionate souls needed. The plan is to make fantastic get well cards for children in hospitals using your talents and humor. We are aiming for quality, not quantity. Imagine how it feels for children to end up in the hospital. Imagine putting a smile on those children's faces. That would be work well done! This project can be done at the program, or at home using your own or library supplies. If made at home, the card(s) need to be delivered to the library by January 10. Send an eMail to emetz@northcantonlibrary.org with questions or to register. Volunteer credit available based on the amount of time you spend creating your card(s).
